

Tolerance Data 2009.2 Keygen 177

The screenshot displays the Tolerance Data 2009.2 software interface. At the top, there are dropdown menus for vehicle specifications: Make (Mitsubishi), Engine (4G93), Top 10, Model series (Carisma), Type (DA2A), CCM (1834), HP (125), Model (Carisma 1,8 GDI (D...)), and Year (1998 - 1999). Below these are tabs for SERVICE DATA, ELECTRONICS, and ADMINISTRATION. The main area shows a diagram for 'GDI With E-Gas' with 'ABS-ECU' selected as the component. A window titled 'ABS-ECU' is open, showing a photograph of the ABS control unit and a detailed wiring diagram. The wiring diagram includes terminals 86, 30, 85, 87, 5, 22, 2, 21, 8, 6, 7, 17, 56, 87, 86, 78, 60, 68, 63, 49, 82, 91, 52, 8, 54, 66, 65, 84, 98, and 46. A red box highlights the 'ABS' label in the diagram. Below the photograph, there is a 'Function' section describing the ABS control unit's role in ensuring wheel speed and activating actuators. The interface also includes a search bar and navigation icons at the bottom.

ABS-ECU

Das Bild zeigt die ABS-ECU.

Function
The ABS control unit is the electronic processing unit for the ABS system. The control unit has to ensure that the wheels don't skid during operation of the brakes. The control unit uses sensors to determine wheel speed. Depending on the conditions, the control unit activates actuators.
Diagnostic test:

86 30 85 87 5 22 2 21 8 6 7 17 56 87 86 78 60 68 63 49 82 91 52 8 54 66 65 84 98 46
